
SATI

ABOUT

SATTI

Satti is an artistic project idealized by ***Pedro Lara***. It's moved by dance floor's intensity and the connection through the sound.

With a sound identity marked through the impactful energy, ***Satti*** translates his electronic music vision into experiences which cross emotions and elevate the audience atmosphere.

His sets are built to create movement, synergy and immersion, leading each presentation like a crescent energy journey, which the intense beats and the engaging grooves transform the movement in something memorable.

CONCEPT

The concept behind the ***Satti*** project translates from the idea of connecting with the audience through music. He always looks for create movements of absolute presence, which the rhythm speaks louder and the body responds effortlessly. It's the feeling of being totally committed to the moment *lights*, *beats*, *emotions* and *movements* in a perfect symphony.
